

Stefan Tryggvason

Chief Executive Officer, China Systems Corporation; Managing Director, China Systems Middle East

Stefan Tryggvason is Chief Executive Officer of China Systems Corporation and Managing Director of China Systems Middle East. Stefan has been involved in developing strategic trade finance solutions for some of the World's leading trade finance banks.

Stefan pioneered the expansion of China Systems across the World but Dubai was selected as a major international business hub for business expansion particularly into the markets of the Middle East and North Africa (MENA).

The decision to establish a major presence in Dubai UAE has paid dividends for China Systems Corporation who consider Dubai as the 'Gateway to Trade and Technology'

Stefan has been credited with achieving strategic partnerships with the leading stakeholders in developing technology driven solutions which serve the trade finance World and this success has been underpinned by China Systems winning major international awards and accreditations.
